Detective Carns was assigned to follow up on a report of an adult survivor of child sexual abuse. The referral was reported to Baltimore County DSS and indicated that victim S.K. (DOB 11/25/1979) disclosed being sexually abused by her adult uncle, Steven Kauffman (DOB 9/14/1951) when she was a child and that the abuse occurred at 3143 Cornwall Rd, 21222 (Baltimore County, Maryland). Detective Carns spoke with S.K. on 1/31/2023 and an interview was scheduled for 2/1/2023.

On 2/1/2023, S.K. responded to the CAC and was escorted to a monitored interview room. This interview was recorded and saved to the evidence server. During her interview, S.K. related that she and her family moved to the Baltimore area from Ohio in 1979. Her mother died in 1979 and her father later remarried. S.K. stated that she has an older sister, C.K. S.K. and C.K. would go to their grandparent's house and they would care for S.K. and C.K. Her grandfather was a doctor and had an office in the house.

- 11/25/1979-11/25/1981 (4-5 years old):

S.K. recalled that the abuse began when she was about 4-5 years old (1979-1980). Steven told her that he was abusing her so that he wouldn't do it to her sister, only S.K., and if she went along with it, he would only do it to S.K. The abuse started with "petting," with Steven kissing S.K., removing her clothes and touching and kissing S.K.'s chest and nipples, skin to skin. He also touched her vagina, skin to skin, resting his hand on her vagina. S.K. could not recall his hand making any motions during these early incidents.

Steven would be touching himself, with his hand, masturbating his "dick" until he ejaculated. She recalled Steven moaning and he would ejaculate onto his stomach or a napkin.

S.K. could not recall how often these early incidents occurred, but remembers that these incidents increased in frequency as she got older.

S.K. recalled sleeping over at her grandparent's house and she would sleep in Steven's room. Her sister would sleep in their grandfather's bedroom. Her grandparents maintained separate bedrooms in the house. S.K. also recalled Steven telling her to be quiet and if she said anything, he would hurt her dad and her sister.

- 11/25/1981-11/25/1983 (6-7 years old):

During this timeframe, the incidents continued, but escalated with Steven starting to use his fingers to penetrate into S.K.'s vagina.

- 11/25/1983-11/25/1985 (8-9 years old):

During this timeframe, S.K. recalled that her grandfather was away at a convention and her grandmother was not home. This was the first time that Steven penetrated her vagina with his penis. S.K. and Steven were in the living room of the house and Steven used a bright white and floral comforter. When Steven raped S.K. on later occasions, he would hold her down or tie her up, using the blanket or shoestrings to restrain her and tie her hand together so she couldn't fight him. But he did not tie her up this first time.

Steven put the blanket on the floor and told S.K. to lay down on the blanket, on her back. Steven straddled her, and took her clothes off, but only her bottoms. He was wearing jeans and a flannel shirt, he took his jeans off, but left his shirt on. She also remembered him wearing white "tighty-whitey" underwear. Steven then attempted to push his penis into her vagina and

S.K. hollered and told him to stop and that he was hurting her. Steven took the corner of the blanket and pushed it into her mouth and told her to stop and that it would get better and told her to think of fun things. S.K. recalled that she felt burning pain. After subsequent incidents, S.K. noticed that she had vaginal bleeding and on one occasion, there was a lot of blood during the rape, more than her normal spotting.

S.K. could not recall if he was able to actually penetrate into her vagina on this occasion, but his penis did start to go into her vagina. During subsequent incidents, he definitely penetrated her vagina with his penis.

Also during this timeframe, Steven continued using his fingers to penetrate S.K.'s vagina at least once a month. Steven also put his penis in her mouth and tried to get her to perform oral sex on him, but she bit his penis. He would also kiss her based on who was around and if there was time.

- 11/25/1985-11/25/1988 (10-12 years old):

As S.K. got older, she began fighting back more and as a result, Steven's threats to her became more intense. He also verbally abused her, telling her that she was damaged, that no one was going to treat her as good as he treats her, nobody's going to do these things to her like the way he treats her and to relax because she will eventually like it. He also continued to threaten her family to get her to "shut up."

Steven continued to sometimes use shoelaces and weed-trimmer string to tie her up, with her arms above her head or behind her back when he sexually abused and raped her.

The vaginal rape continued, so did Steven's finger's penetrating S.K.'s vagina. There were instances of him forcing her to perform oral sex on S.K. and as well has Steven performing oral sex on S.K. Steven continued to do this about once a month, based on the time of year and how often S.K. was at the house. Steven would typically ejaculate onto a tissue, the blanket, his stomach or on the floor, if he was not interrupted. S.K. thinks that he may have ejaculated inside her vagina on some occasions, because afterward, she would notice fluid dripping from her vagina.

S.K. explained that typically, these incidents would start with Steven kissing her chest and neck, then progressing to his fingers penetrating her vagina, then oral sex, then his penis penetrating her vagina, then oral sex. S.K. recalled one time when he tried to ejaculate in S.K.'s mouth, but she turned her head.

S.K. explained that this incident and most of the incidents began with S.K. sitting on the sofa, as far away from Steven as possible, and Steven telling her to come over to him. She would try to get out of it by telling Steven that she had to go to the bathroom, but he would then follow her to the bathroom. She recalled one incident in which she had to go to the bathroom and he would not let her, so she ended up urinating on him.

S.K. also explained that he sat in a particular chair that had an ottoman. When Steven got up S.K. could tell, by which way he pushed the ottoman, whether he was going to the bathroom or if he was "coming to get me."

When S.K. was 11 or 12 years old, S.K.'s stepmother Monica confronted S.K.'s grandmother (Steven's mother, who is now deceased) about Steven. S.K. was becoming more social and spending more time away from her family and her grandparent's house. S.K. also disclosed the abuse to her grandmother first, then her father. When she told her grandmother, her grandmother immediately got her grandfather and told him that S.K. was lying and she's saying that Steven has been doing things to her. S.K. tried to tell her grandmother what happened, but her grandmother refused to listen and slapped S.K.

S.K. stated that 2 or 3 incidents occurred after this confrontation, but that all the incidents happened before she was 13. S.K. specifically recalled that she got her period at age 13, and the incidents stopped before she got her period.

She recalled one more specific incident that occurred in the living room, on the floor. Steven did not tie her up on this occasion, and told her that he was going to punish her for telling, and that she shouldn't have done that. He also asked her who else she told and that she needed to keep the secret. He also told her that if she told anyone, that they wouldn't love her or protect her. Then then proceeded to do what he usually did: kissing, touching, vaginal penetration with his fingers and his penis and oral sex.

S.K. added that he always had to "prep" her vagina with his fingers and Vaseline. If he didn't use Vaseline, he would use spit. Steven kept a large jar of Vaseline in his upstairs bedroom and a smaller jar near his chair in the living room. S.K. expressed that she still has an aversion to Vaseline because of Steven and his abuse of her. She also had a long standing aversion to

pizza because Steven burned a pizza in the toaster oven, and the smell stuck with her, because she associated the smell with Steven.

The last incident occurred in Steven's upstairs bedroom. S.K. was spending the night because Steven was supposed to be working. He came in late that night and again penetrated her vagina with his penis. This incident stopped because S.K. threatened to start screaming and her grandmother was right downstairs and Steven stopped.

Detective Carns attempted to conduct an interview with Steven, but he was unwilling to be interviewed.

All events occurred in Baltimore County.
